MAY GOD BLESS YOU ALWAYS!

Dear Parishioners,

Our St. Mary's Cemetery, collocated with the Bordentown Cemetery on Cemetery Lane, remains an enduring source of comfort and peace to the many St. Mary's families whose loved ones rest there. It is also an important sign of St. Mary's presence as a community of faith. Further, it is a visible testament to our Catholic faith's teachings about life, death, and the life to come and the doctrine of the Communion of Saints.

Because of his commitment to the proper financial and physical management of our cemetery, Father Burns, our pastor, three years ago formed the St. Mary's Cemetery Advisory Board and charged the board with the management of the cemetery under his direction. The members of the board are as follows:

Father Michael Burns, President

Deacon Thomas Shea, Member

Larry Denney, Cemetery Manager

Over the past three years members of the board have attended meetings and workshops sponsored by the Diocese of Trenton dealing with the policies and protocols of proper Catholic cemetery management in general and in the Trenton diocese in particular. As an outgrowth of this training and consultation, several projects have been undertaken and are proceeding.

Finally, a very positive outcome of this work to date has been the identification of several unsold vaults and niches in our mausoleum, and several graves have also become available. In order to qualify to purchase one of these, one must be a baptized Catholic and a parishioner of St. Mary's Parish – Bordentown in good standing. If interested, please contact me, Larry Denney, at 609-298-0261.

Sincerely,

Larry Denney

Business Administrator & Cemetery Manager
